

Practitioner Supplement - Accredited Logo

As a VoicePrint Accredited practitioner, you have access to the Accredited Logo. The logo can be used in your Social media, email footer, website, and offline materials.

VoicePrint Accredited Logo

Your use must not mislead consumers into believing that we sponsor, are affiliated with, or endorse your company, its products, or services. We ask that you use the accredited logo in supporting positions on your materials. The example business cards below demonstrate the Accredited logo is secondary to your business logo/branding.
